## 24/7 emergency hotline incl. prioritization directly from the manufacturer for projects

In an emergency, every minute counts: so call us in the event of massive operational disruptions of the registered device. Our experienced staff will provide you with advice and assistance within just 30 minutes – for 24 hours, 365 days a year – regardless of the [Lifecycle Management](#) phase the R&S®LANCOM devices are in. The disruption will be resolved as quickly as possible thanks to prioritized handling of your concern, including an automatic callback guarantee, so that your services are immediately ready for operation again.

For an optimal cooperation, we require the participation in the [R&S®NC Academy Specialist Workshop](#).

## Service times with guaranteed first response times

Do you have hardware problems, configuration or information requests for which you need our support? Our experts will help you during service hours from 8 a.m. to 6 p.m. (CET) on business days (10/5). We handle your support case with an first response time of max. four hours.

## High planning reliability with security updates

Plan ahead and benefit from full protection to ensure reliable business operations, especially in long-term projects. This includes free security updates of the respective operating system to ensure that all devices are always running at the highest level of security.

For more information on software maintenance and the product lifecycle of your device, please visit the [Lifecycle Management](#) website.
