

# R&S®LANCOM Wall Mount (LN)

Anti-theft mounting plate for Access Points & Router

The R&S®LANCOM Wall Mount (LN) consists of one wall bracket with kensington lock, one padlock, and one drilling template. It offers optimal anti-theft protection for R&S®LANCOM devices of the LN and LX series and the R&S®LANCOM 750-5G. This provides maximum flexibility for the installation of R&S®LANCOM devices at vertical or horizontal walls or ceilings.

- ▶ Robust wall bracket for the mounting R&S®LANCOM access points of the LN and LX series as well as R&S®LANCOM 750-5G
- ▶ Attachment only on solid surfaces on non-flexible vertical walls or horizontal ceilings
- ▶ Anti-theft protection due to a 4-times kensington lock and optionally included padlock
- ▶ Inclusive drill template and mounting instructions
- ▶ Simple exchange thanks to identical drilling fixture compared to the R&S®LANCOM Wall Mount
- ▶ Available as individual items or as 10-piece bulk items (with or without padlocks)

# R&S®LANCOM Wall Mount (LN)

## Robust wall bracket for wall- or ceiling mounting

The pre-drilled mounting board can be fixed directly at the wall and has four hooks, which the R&S®LANCOM device can be easily clipped into. We recommend mounting only on vertical walls or horizontal ceilings on a solid surface. Additional security feature: In order to remove the device, a screwdriver is needed, which pushes the hooks back.

## Theft-proof thanks to kensington lock

The R&S®LANCOM Wall Mount (LN) safeguards R&S®LANCOM devices of the LN and LX series or the R&S®LANCOM 750-5G with the help of a 4-times kensington lock. Therefore, these R&S®LANCOM devices can be securely installed even at places with a high visitor-density. The included padlock assures that the kensington lock is easily and reliably secured.

## Simple exchange

The attached drilling template is compatible to that of the R&S®LANCOM Wall Mount. This way one can use the drilling holes and the already implemented screws for the mounting of the R&S®LANCOM Wall Mount (LN). This saves additional effort and time.
