

R&S®LANCOM SD-WAN

For scalable, efficient, and secure networks

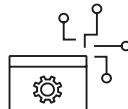

Switch to R&S®LANCOM SD-WAN now!

Networking multiple sites through WAN connections and integrating modern cloud applications into IT infrastructures still pose significant challenges for companies. With R&S®LANCOM SD-WAN, you get an automated, secure, and scalable solution for site connectivity. Strengthen your digital sovereignty with backdoor-free products certified by the German Federal Office for Information Security (BSI). Choose a trusted SD-WAN solution “engineered in Germany” now!

Speed & high availability

- ▶ Increased bandwidth through the simultaneous use of multiple connections available at the site
- ▶ Highly available Internet connectivity with 4G/5G backup

Management & automation

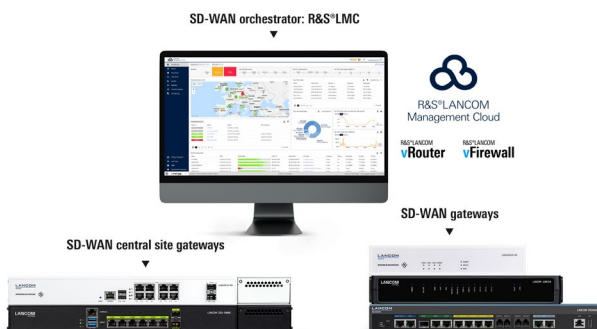

- ▶ Centralized management & 24/7 monitoring
- ▶ Zero-touch deployment for new sites
- ▶ Remote troubleshooting

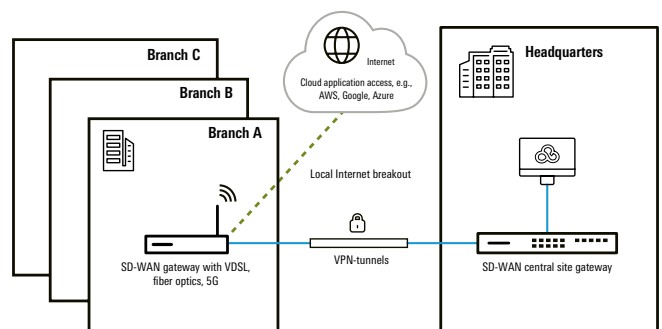

Reduced costs & increased efficiency

- ▶ Highly integrated “one-box” solutions
- ▶ Expensive MPLS lines are replaced with cost-effective Internet lines
- ▶ Costly on-site service deployments are eliminated

The R&S®LANCOM SD-WAN portfolio

SD-WAN in practice

Why SD-WAN from R&S Networks and Cybersecurity?

Trusted cloud

R&S®LANCOM Management Cloud: Developed and hosted in Germany, with an alternative private cloud hosting option in your own data center.

All-in-one

Highly integrated portfolio for future-proof networks, including routers / SD-WAN gateways, access points, switches, and UTM firewalls.

One-box solutions

The most comprehensive portfolio on the market for gateways supporting modern SD-WAN and integrated connections like fiber optics, xDSL, Gigabit Ethernet, G.Fast, LTE(4G), and 5G.

Anti-backdoor policy

For over 20 years, we have delivered secure, reliable, and future-proof infrastructure solutions.

Digital Sovereignty

Cutting-edge technologies, free software updates, and trusted solutions for maximum independence and self-determination.

Full compliance

GDPR-compliant, NIS-2 compliant, BSI-certified products and solutions meeting the highest European security standards.
